

OUR COMMITMENT TO U.S. SUPPLIER DIVERSITY

DIVERSE SUPPLIERS, STRONGER FUTURE

At bioMérieux, our commitment to fostering a more diverse and sustainable supply chain is part of the Extended Company pillar of our Corporate Social Responsibility (CSR) ambition. Our responsibility extends all the way from purchasing through distribution – across the entire value chain.

We practice nondiscrimination and equal opportunity in all areas of our business by considering diverse suppliers of goods and services; contractors; and subcontractors.

Diversity in our vendor base is crucial for several reasons:

Innovation and Creativity

A diverse pool of suppliers brings different perspectives and ideas to the table, fostering innovation and creativity in our products and services.

Community Impact

By engaging with a diverse range of suppliers, we can support and uplift underrepresented communities, promoting economic growth and prosperity.

Risk Mitigation

Diversifying our supplier base helps mitigate risks associated with over-reliance on a single supplier, ensuring continuity and sustainability of operations even in challenging times.

Responsibility

By embracing supplier and vendor diversity, we remain steadfast in our commitment to be a socially responsible organization.

ABOUT BIOMÉRIEUX

We help make the world a healthier place. A family-led company founded in 1963, bioMérieux is a world leader in the field of *in vitro* diagnostics focused on improving public health. Our 14,000+ dedicated team members work together around the world to provide diagnostic solutions which determine the source of disease and contamination to improve patient health and ensure consumer safety.

“We’re dedicated to expanding our supplier network, enhancing our ability to contribute to a healthier world, and positively impacting the communities we serve.”

– Colin Hill, General Manager and Head of Clinical Operations, North America
